Dear Sahanas,

On behalf of the concerned for working children, we would like to extend our heartfelt appreciation for your valuable contribution during your internship with us. Your dedication and enthusiasm in conducting computer and Spoken English sessions from 14-4-2025 to 14-5-2025 for our campers have truly made a difference. The way you engaged with the children, patiently supported their learning, and created a positive encouraging environment was truly commendable.

Your efforts have not only helped the campers to build essential skills but also inspired their confidence and curiosity. We are grateful for your energy, creativity and commitment you brought to our program.

Thank you once again for being a part of our mission. We wish you continued success in your Academic and professional journey. And we hope our paths cross again in the future.

Warm regards,

T. Shivanand Shetty
Deputy Executive Director.
